NEW COLLECTION

Sterling

STERLING design is clearly a Homage to modern Industrial movement. The factory style first arose in the lofts of New York city and today, we find it in homes and apartments around the world.

Our post-industrial viewpoint on the Industrial age is pure nostalgia. That time appeals to us on an emotional level since it glorify an era of hard work, honesty, forthrightness, modesty and ingenuity.

Inspiration

“A house is made of brick and beams.
A Home is made of hopes and Dreams.”
